

Redistricting Reform Matters: Voters want Fair Districts so their Votes Count

Fair Districts Pennsylvania Gerrymandering Informational Presentation

Mercersburg Fendrick Library

20 N. Main St., Mercersburg, PA 17236

February 5th, 2020 6:00pm—7:30 pm

**Franklin County FDPA is hosting a public education program on
reforming Pennsylvania's redistricting process.**

**Fair Districts PA speaker John Bryner will explain PA's current
redistricting process, demonstrate how it undermines
democracy, and then offer a solution to the problem.**

**John will also discuss the legislation currently in Harrisburg and FDPA's
strategy going forward.**

Parking: There are just a few parking spaces behind the library. However, there is parking available along the street and also the bank parking lot will be open at that time. We are handicap accessible.

Fair Districts PA is a non-partisan coalition of citizens and organizations seeking to reform PA redistricting rules by taking the process out of the hands of party leaders and putting that process into the hands of an impartial transparent and accountable citizens commission.
